Debbie is from San Nicolas and is related to the family Rugia Mauricio who is known being forming part of the Community San Nicolas from since I was a kid. In this case she worked at Marriott hotel , where she was once became employee of the month. She Is very dedicated to her job and she said that all ready the V. I .C. in San Nicolas got a positive coverage in Trip Advisor. And she said that her aim is to work in the interest of San Nicolas in a harmonious atmosphere, without being involved in political issues.

Giovanni Thode lives in Savaneta and his aunt is Ava Thode, the former director of IPA. He also worked in the hospitality sector for quite some time. And the same as Debbie Mauricio he did the Aruba Certification Program. In his case he guided several tours, within doing this as a profession . But what San Nicolas concern he admits that he needs a training to give a quality tour. That is why he is willing to have contact with Leon Berenos and Tito Bolivar to know if

they are willing to provide the necessary training, so he can contribute in keeping up the high standard that tours in San Nicolas has achieved given by Forbes Magazine. And Giovanni Thode is also determine to work for the interest of San Nicolas in a harmonious way.

What the Aruba Certification Program concerns Giovanni Thode, wish is to have a section that covers San Nicolas and Surroundings. He hopes that , that can be done in the following setting of the program concern.

San Nicolas Very Own Poet Charlotte Heemstadt

Everybody has a story
You don't know my story
You don't know about me
Everybody has a story
Don't judge a person by what you see
You point your finger
Aiming directly to the inside of me
Look down the same fingers on that hand
They're pointing back to you, times three
We all go through down times
We all have fallen down the stairs
We all have gone through insecurities

We all have been through hurt and fears
So who are you to judge me
Who are you to tell
Telling my story that is
When I stumbled and fell
Instead of judging, pointing fingers
And talking about me
why not talk about our purpose our goals
Or about accomplishing our dreams
Do not look at my past
It is yesterday to better days
Look at my achievements now and
What I have learned from my mistakes
Do not judge me, don't tear my town
But build me, from the bottom up
Don't point fingers, don't talk about me
Push me forward, help me reach my top
Everybody has a story
Don't judge a person by what you see
Be that person that encourages another person
With words that shall set them free

San Nicolas New Busses Are Here!!!

Yes finally we will be able to enjoy some new and up to date public transportation, with: A/C, Wifi, charging ports, and much more, this is a big step to what we previously had. But it's up to us to take care of what we have so we can enjoy it much longer.

How does the Amazon Wild Fire effect Aruba?

The trees and plants of the Amazon forest pull carbon dioxide out of the atmosphere as part of photosynthesis. Destruction of the forest releases carbon stored in the trees and reduce the amount of carbon dioxide used by them.

“The Amazon forest holds something like 90 billion tons of carbon, and if that ends up in the atmosphere it’s not a good thing,”

This is one of our driest rainy season that Aruba has seen, but the scary part is we are now much more open for hurricanes to reach closer to us.

San Nicolas Very Own Poet Reginald de Palm

Lose control

Surprise me and delight me with your mystery

Speak softly, breath to my neck, whisper to me

Sweet words blow from your lips like you're
kissing me

Licking me, filling me with love from your
chemistry

At the same time, you are the poison and the
remedy

Exquisite, delicious, fulfill me with your
prophecy

I love it, if it is a dream, don't awaken me

I want to dream on and love you 'till the next
century

It feels like you're consuming every little bit of
me

I'm losing it, falling, I'm hit, obviously

No more hope for me, this must have been my
destiny

I'm dying, whilst there is no one there to rescue
me

I can't understand myself when I'm near you

I hear you, I feel you, but most of all I fear you

I can't explain the dimensions

Your body and your soul are shaped to
perfection

Can someone be so cute and so smart at the
same time

With a body like Berry and the mind of an
Einstein

Gimme some space to think, if I need a drink

Or if I need a shrink, to connect the link

Between me and you and an ever after happily

So, can someone tell me, the way that it
supposed to be

Island Fest Turning Away San Nicolas Vendors

We have noticed that there was not much San Nicolas vendors at Island Fest, when contacted some of the regular San Nicolas Vendors they let us to know that the organizers told them " They were full and had no more room for more vendors" First they took away San Nicolas talents not giving them a chance to shine in their home town, now the vendors are getting chased away. We don't want to sound negative, but please treat our people with more respect.
